

Your future's on target with APRS

MACHINEST – Precision Rifles

With the same passion and desire for quality and performance as Lightforce lights and Nightforce optics, APRS was born not as a mass production line of generic barrels and bolts but as a personal project to create the perfect balance of handpicked components.

In line with our ongoing growth, an exciting opportunity currently exists for a Machinist, responsible for the manufacture of precision rifles and providing customer service to our growing market of sporting enthusiasts.

Based at our operations in Hindmarsh Adelaide and reporting to the Technical Lead, the successful applicant will possess;

- Trade Qualifications in Machining
- Highly developed communication, interpersonal and organisational skills
- Shooting enthusiast with a working knowledge of tactical, field and/or long range shooting
- A current South Australian Firearms License
- Well presented – professional demeanour
- A desire to learn and an ability to expand knowledge base in order to share accurate product applications
- A desire to grow with APRS
- Ability to maintain strict confidentiality at all times

This is an outstanding opportunity to further develop your career the within a progressive expanding organisation. An excellent salary package commensurate with experience will be offered to the successful applicant.

To apply, please click the “apply” button below and attach a copy of your resume including covering letter. For further information please contact Dan Nelson, Human Resources Manager, dan@lightforce.net.au
